Message: **I believe God will get me thru this!**
Scripture text: **Acts 27:21-26**

Key Take-away: God is able to use negative situations as transportation to get us to our God-appointed destination!

G — (Grow Through the Word)

1. In the context of our text, what difficult circumstances did Paul experience on his journey? (vs. 1;15)
2. Where did the angel of God assure Paul that he would eventually stand? (vs. 24)
3. When happened to Paul after he and the others survived the shipwreck and made it to Malta? (Acts 28:3)

P — (Prayerfully Ponder)

Paul was a prisoner, endured a violent storm, survived a shipwreck, and was bitten by a poisonous snake. Yet none of these experiences prevented God's purpose from being fulfilled. In fact, what Paul endured positioned him to become a blessing to many on the island of Malta.

Ponder: What negative experiences has God brought you through that ultimately positioned you to be a blessing to someone else? Could it be that what you are going through is not just about what God wants to do *for you*, but also about what God wants to do *through you*?

S — (Serve)

Turn your pain into purpose! This week, identify someone who is navigating a difficult season. Share an encouraging word, offer practical assistance, or testify about how God has brought you through a challenging experience. Allow what you have survived to become a source of strength and encouragement for someone else.

Prayer

Dear Heavenly Father, thank You for being the God who sustains me through every storm. When the winds of adversity are raging and the waves of trouble seem overwhelming, help me stand firmly on Your promises. Remind me that although I may not understand the journey, You already know the destination. Give me faith to trust You when circumstances seem hopeless, courage to endure when the journey becomes difficult, and strength to keep moving when I feel like giving up. Lord, do not allow my struggles to make me bitter, but use them to make me better.

In Jesus' name, Amen.
